General Comment

I've taken the time to learn proper options trading. This allowed me to added companies to my portfolio for the long term at prices that I want to pay. I have been able to make money by being able to buy stocks at prices that appeal to me. I am also able to make extra income to help grow my portfolio. PLEASE do not stop allowing folks to trade options in retirement accounts. You will not be protecting me but limiting my options. Trading options is no riskier then driving a car if you know the rules.
